Lab Submission 5

Input :

```java
public class calculator_main{
        public static void main(String args[])
        {Calculator  object = new Calculator();

                Calculator object2 = new Calculator(1,2);
                // object2(3,2)

                Calculator object3 = new Calculator(7.3,6.4);
                // object3(5.2,7.3);
        }

}
```

Output:

```
shash@LAPTOP-74LO6UOH MINGW64 /c/Mahindra Notes and schedule/semester 5/OOPs/Lab/lab_works/week-5 (main)
$ javac calculator_main.java

shash@LAPTOP-74LO6UOH MINGW64 /c/Mahindra Notes and schedule/semester 5/OOPs/Lab/lab_works/week-5 (main)
$ java calculator_main
